

The
Village
of Walnut Creek

P.O. Box 10911 • Goldsboro, NC 27532 • (919) 778-9687

April 26, 2019

Dear Neighbor,

On behalf of the Village Council, I would like to thank you for attending our most recent Council Meeting on April 24th. Your concerns are important to the council members and will be taken into consideration. Each person on the Village Council is a member of this village, elected to serve this great community, and wishes to preserve its wonderful qualities as well.

The Village of Walnut Creek is blessed to have a very competent and accommodating staff. The Village administration is diligently reviewing all permit applications and building progress to ensure that all construction within the Village is in compliance with the zoning ordinances. These ordinances will be enforced. Our zoning officer, Robert Parchman, will be meeting with the developer to discuss the concerns expressed during the public comment period at the Council Meeting on April 24th. He will be glad to discuss any concerns that you may have as they relate to this process. We are currently reviewing all current construction projects to verify compliance at the request of the planning board.

The Village of Walnut Creek has a planning board that is comprised of 7 members from this village. This group of dedicated, hardworking friends and neighbors serves as an advisory committee to the Village Council. This board is currently involved in the process of reviewing all of our subdivision and zoning ordinances. This process started in January 2019 and should be completed by year end. When complete, the planning board will make recommendations to the council for any amendments, changes, or additions to our zoning ordinances. The council will take these recommendations into consideration, consult with our legal advisors as well as appropriate state and local government entities prior to any action.

In closing, thank you for taking your time to attend our Village Council meeting. Please continue to share your concerns. The Council is here to serve you. Please contact our Village office if you have any questions or concerns @ 919 778 9687.

Danny Jackson
