Hello Walnut Creek Residents!

AT&T Fiber team here! You may have noticed a bit of construction going on in the neighborhood, that is us! We have installed our ultra-fast Fiber internet into the community which is now available to each resident! We want to make sure you have all the information you need, so we are coming to you. AT&T will be hosting a Fiber Launch event in the community to educate everyone on all the changes happening and how this product compares to what you have now. More importantly, we will be able to move all our U-verse/copper internet customers to our much faster Fiber internet with new promotions and no contracts!

We will be allowing residents to sign up to secure priority install dates with exclusive promotions otherwise not available including free installation! We will be setting up an informational booth with special offers, brochures, giveaways and individually packaged snacks and cold drinks. We look forward to seeing you at the event!

Event Details

Date: Saturday, November 6, 2021
