

VILLAGE OF WALNUT CREEK

MAY 2018

Village Office
Peggy C Page & Robert Parchman
919-778-9687
Maintenance – Darren Howery
919-738-3754

The Village Council will meet in their regular session Wednesday May 23rd @7:30PM at the Town Hall—all meetings are open to the public.

DATES TO REMEMBER:
May 9th— Planning Board Meeting 6:30 @ Town Hall
May 23rd- Council Meeting 7:30 @ Town Hall
May 28th- The Village Office will be closed for Memorial Day

The Park and the Debris Site will be closed as of May 1, 2018 for the final phase of construction on the dam. Please make sure you observe the danger signs and fencing and keep out of the area. There will be big trucks and heavy equipment around the area. The debris site will be located temporarily at the site of the old water tower. The Moratorium will be May 19-26, 2018, also located at the old water tower site. Signs will be posted to direct traffic to the proper area.

An updated copy of the *Policy for Water & Sewer for the Village of Walnut Creek* is now located on our website for your convenience. www.walnutcreeknc.com Please make a point of reviewing this document.

Online payments are now available with the new utility billing program. Go to the website village web site www.walnutcreeknc.com and click on the “pay your utility bill” There is a link to set up your “Membership Registration” profile.

A word from the Maintenance Department.....
PLEASE dispose of your grease by letting it solidify in a can, DO NOT POUR down drains. Too much grease is showing up in the sewer pumps and causing issues. THANKS!

Public Hearing for the 2018-2019 Budget will be May 23rd during the Council Meeting 7:30 PM

WALNUT CREEK POLICE DEPARTMENT
The Village Playground is being relocated. The new location will be behind the Village Town Hall. The playground will reopen as soon as possible.
The weather is finally warming up and the critters are starting to come out. Be careful when walking, running and cycling for snakes, turtles and other critters on the prowl.
While walking, running, cycling or driving be very cautious around the dam area. Equipment and staging for the last phase of the dam project will be moving into the dam area and the playground area. Be extra cautious. SAFETY FIRST
Chief Robert Parchman
